

9 Best GitHub Repositories

to learn

Python for Free

Himanshu Ramchandani
M.Tech | Data Science

1 | Python Roadmap 2022

Best roadmap for beginners with 30 sections including code and order of learning.

Repo: <https://github.com/hemansnation/Python-Roadmap-2022>

Website: <https://www.himanshuramchandani.co/>

2 | The Algorithms

Implementations are for learning purposes only. They may be less efficient than the implementations in the Python standard library. Use them at your discretion.

Repo: <https://github.com/TheAlgorithms/Python>

Website: <https://the-algorithms.com/>

3 | Awesome Python

A curated list of awesome Python frameworks, libraries, software, and resources.

Repo: <https://github.com/vinta/awesome-python>

Website: <https://awesome-python.com/>

4 | Project-Based Learning

A list of programming tutorials in which aspiring software developers learn how to build an application from scratch.

Repo: <https://github.com/practical-tutorials/project-based-learning#python>

5 | Python Programming Exercise

Contains 100+ Python challenge programming exercises.

Repo: <https://github.com/zhiwehu/Python-programming-exercises>

6 | Learn Python

This is a collection of Python scripts that are split by topics and contain code examples with explanations, different use cases, and links to further readings.

Repo: <https://github.com/trehleb/learn-python>

7 | Learn Python 3

This repository contains a collection of materials for teaching/learning Python 3 (3.5+).

Repo: <https://github.com/jerry-git/learn-python3>

8 | Python Reference

A collection of useful scripts, tutorials, and other Python-related things.

Repo: https://github.com/rasbt/python_reference

9 | Coding Problems

Here you can find solutions for various coding/algorithmic problems and many useful resources for learning algorithms and data structures.

Repo: <https://github.com/MTrajK/coding-problems>

That's a wrap.

Loved it? Retweet this one.
